### PROFESSIONAL EXPERIENCE

#### Full Stack MERN BootCamp

*Mindhub / April 2022 - August 2022*

I have more than 700 hours in real environment simulation, using agile methodologies of "Scrum". I have developed projects individually and in groups, including a dynamic website that consumes data from an external API, a petshop website, two MERN applications including an E-Commerce and two mobile apps with React Native.

Projects:
